Re: DE 15-010: Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities Default Service Rates for the Period May 1, 2015 to October 31, 2015 for both the Large Customer Group and the Small Customer Group

Dear Ms. Howland:

I enclose for filing one redacted and seven confidential copies of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities' proposed Default Service rates for the Large Customer Group and Small Customer Group for the six-month period May 1, 2015 through October 31, 2015. This filing includes the direct testimony of John D. Warshaw and Heather M. Tebbetts.

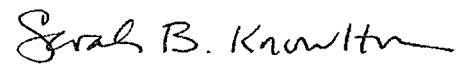

Certain schedules included in the default service filing contain confidential information, specifically, the Company's transaction confirmation with the winning supplier, bid evaluation and summary, REC pricing, and retail meter commodity cost calculations. The Company requests confidential treatment of these materials pursuant to PUC 201.04(a)(5), 201.06(a)(30) and 201.07, which collectively afford confidential treatment of such materials in routine Default Service filings. With respect to the wholesale power purchase prices included in this filing, the Company requests confidential treatment only until such time those prices are required to be made public by FERC.

The Company believes the proposed Default Service rates are consistent with RSA 374-F:3, V(c) and Commission precedent and are in the public interest as reflective of "competitive market" prices. *See* NH RSA 374-F:3, V(c). Accordingly, the Company respectfully requests that the Commission approve the proposed rates to become effective for service on and after May 1, 2014.

Thank you for your assistance with this matter. Please do not hesitate to contact me should you have any questions.
