Re: Conditional Approval Confirmation of Final Proposal 2015-46

Dear Commission Members:

At its meeting on July 16, 2015, the Joint Legislative Committee on Administrative Rules (Committee) voted, pursuant to RSA 541-A:13, IV, to conditionally approve Final Proposal 2015-46 of the Public Utility Commission (Commission) containing Puc 1800 relative to the NH code for energy conservation in new building construction. The Committee's approval was conditioned on amending Final Proposal 2015-46 as specified in the Commission's conditional approval request dated June 30, 2015, and on adding a citation to the website at which the New Hampshire State Building Code can be found after "those portions of the New Hampshire state building code which pertain to energy efficiency" in Puc 1801.05.

On July 28, 2015, our office received your written response indicating how Final Proposal 2015-46 was amended in accordance with the conditional approval. We have reviewed the explanation pursuant to RSA 541-A:13, V(a) and have determined that Final Proposal 2015-46 has been amended in accordance with the conditional approval and RSA 541-A:13, V(a). Therefore, you may now adopt and file the rules in Final Proposal 2015-46 as amended.

If you have any questions concerning the provisions in RSA 541-A relative to responses, or adoptions, please call Scott Eaton at 271-3680.

Very truly yours,
