Concord, NH 03301

Re: Docket No. DE 15-137, Energy Efficiency Resource Standard

Dear Ms. Howland:

I am writing to request an extension of the deadline for discovery on Staff's EERS proposal. Under the current approved schedule, EERS proposals were due on December 9, 2015 and Data Requests are due on December 18, 2015.

On December 10, 2015, Staff notified the parties that they would be correcting and refileing their EERS proposal, and the revised proposal was filed on December 11, 2015. As a result of this delay, OEP requests additional time to serve Data Requests on Staff only. We propose the following schedule for this round of discovery:

Data Requests on parties other than Staff	December 18, 2015
Data Requests on Staff	December 23, 2015

We propose that the remaining dates stay the same so that all Data Responses remain due on January 14, 2016, and the parties meet for a Technical Session on January 21, 2016.

OEP consulted with the other parties in the docket and the utilities and intervenors support the request. Staff has indicated that they do not object. Thank you for your consideration.

Sincerely,

Meredith A. Hatfield, Director
