*RE: Bretton Woods Telephone Company, Inc.
License by Notification of Existing Crossings on Existing Poles*

Dear Ms. Howland:

I write on behalf of Bretton Woods Telephone Company, Inc. (BWTC) pursuant to RSA 371:17-b for the purpose of obtaining a final license for all of BWTC's facilities crossing New Hampshire public waters and lands that existed as of June 19, 2013, the effective date of the above-referenced statute. Enclosed please find an original and six (6) copies of a spreadsheet identifying the specific geographic and pole locations of each existing crossing. This information includes: the town, GPS latitude and longitude coordinates, poles numbers and water body or state land relating to each crossing.

RSA 371:17-b provides that, upon receipt of the enclosed list, "no further inquiries or investigations by the commission shall be undertaken and the commission shall issue a final license." In view of the foregoing, as well as the fact that this filing is made within the two-year period identified in the above-referenced statute, BWTC respectfully requests that the Commission issue the final license requested herein.

Please contact me if there are any questions about this filing. Thank you for your assistance.

Very truly yours,

A handwritten signature in blue ink that reads "Karen Wante".

Karen Wante
