**Re: CRS 15-243: Northern New England Telephone Operations LLC – License by
Notification of Existing Crossings on Existing Poles**

Dear Ms. Howland:

Enclosed please find an original and six copies of a list of 81 previously identified crossings where Northern New England Telephone Operations LLC d/b/a FairPoint Communications ("FairPoint") seeks a license by notification to cross state land or public waters pursuant to RSA 371:17-b.

The attached list represents the remainder of crossings of state lands or waters from FairPoint's initial filing of June 17, 2015 for which licensing by notification of existing crossings on existing poles under RSA 371:17-b is warranted. All other crossings identified in FairPoint's initial filing either were previously licensed by the Commission in the normal course of business, granted a license in CRS 15-243 (*see* CR 08-001-15 issued August 4, 2015) or in CRS 16-291 (*see* Order Nos. 25,949 and 25,962 issued September 30, 2016 and October 28, 2016, respectively), or were subsequently determined to no longer exist, no longer cross state land or waterways, or were duplicate entries.

An electronic copy of this filing will be emailed to the service list today.

Please direct any questions you may have regarding this filing to my attention at 603-656-8116 or via email at robert.meehan@fairpoint.com.

Thank you.
