Renewal of Registration to Provide Natural Gas Aggregation Service

**TO:** Commission

Debra Howland, Executive Director

On July 6, 2015, Best Practice Energy LLC (Best Practice) filed an application to renew its registration as a provider of natural gas aggregation service. On August 4, 2015 Best Practice requested a waiver of Puc 3003.05(a) which requires a renewal application to be filed 60 days before the registration expiry date. Best Practice's renewal application was due on June 13, 2015. In its letter Best Practice explained that it was a management oversight and expressed its willingness to take remedial actions.

Staff has reviewed the information in the application and determined that the filing is complete. As this is the first time Best Practice was late to file its renewal application, Staff recommends the Commission grant Best Practice's waiver request and approves its renewal application to provide natural gas aggregation service, effective August 13, 2015, for a term of 5 years.
