December 4, 2015

Re: DE 15-271, Examination of Electric Distribution Utility Interconnection and  
Queue Management Processes for Net-Metered Customer-Generators  
Public Comment Hearing and Written Comment Submission

To the Parties and Stakeholders:

On December 3, 2015, Commission Staff filed a memorandum recommending that the Commission hold a public hearing to receive comments on the proposed Net Metering Program Capacity Allocation Procedures (Procedures) developed by Staff with input from the electric distribution utilities and other interested parties, following two stakeholder technical sessions and the prehearing conference held in this matter. A copy of the proposed Procedures was attached to Staff's memorandum.

The Commission has determined that the proposed public comment hearing is in the public interest, and that parties and stakeholders also should have an opportunity to submit written comments on the proposed Procedures.

Accordingly, a public comment hearing to address the proposed Procedures shall be held before the Commission on January 7, 2016, at 10:00 a.m. In addition, parties and stakeholders may submit written comments regarding the proposed Procedures until January 15, 2016.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".

Debra A. Howland  
Executive Director
