RE: CRS 15-392: Petition of 186 Communications for two crossings

Dear Ms. Howland,

186 Communications, LLC had petitioned for a license to construct two crossings across the Ammonoosuc River in Littleton, NH. We respectfully request that our application be treated as an RSA 371:17-a notification instead. Below are the crossings referenced in our petition.

- **AMMONOOSUC RIVER IN LITTLETON NH BETWEEN UTILITY POLE 36/7 AND POLE 36/6 (Ref. TID-NH17)**
- **AMMONOOSUC RIVER IN LITTLETON NH BETWEEN UTILITY POLE 900A/1 AND POLE 900A/0.5 (Ref. TID-NH16)**

In support of our request, please find a copy of the GPS coordinates for the pertinent poles, the application for pole attachment licenses, and a notarized statement attesting to the construction of said crossings.

Please review and let me know if you require anything further for this request.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff H.', is written over a light blue horizontal line.
