Petition to Cross Public Waters

PETITION TO INTERVENE OF CAMPBELL MCLAREN

I respectfully petition the New Hampshire Public Utilities Commission ("PUC") for late intervention in the above-captioned proceedings pursuant to RSA 541-A:32 and PUC Rule 202.17 because the proposed facility will impact my rights, duties, privileges, immunities and other substantial interests and the interests of justice and orderly and prompt conduct of the proceedings will not be impaired by allowing the intervention. In support of my request I state the following:

1. I own land in Easton, New Hampshire which abuts and/or will be passed through by the second horizontal boring under the Ham Branch river proposed by the Applicant.
2. I have a well at a depth of 600' within 200' of the planned horizontal boring location under Route 116.
3. A stratified drift aquifer underlies the proposed horizontal boring location which abuts and/or passes through my land.
4. I am concerned that the proposed crossing is (a) not necessary to meet the reasonable requirements of service to the public; and (b) cannot be exercised without substantially affecting the public rights in public waters.

Wherefore, I respectfully request that the Public Utilities Commission:

- A. Grant my Petition to Intervene.
- B. Grant such other and further relief as may be just.

Respectfully submitted,

Campbell McLaren, MD

April 22, 2016

CERTIFICATE OF SERVICE

I hereby certify that on this day, April 23rd a copy of the foregoing petition was sent by electronic mail or U.S. Mail to persons named on the Service List of this docket.
