Re: Application for Everyday Energy, LLC d/b/a Energy Rewards, DM 15-478

To Whom It May Concern:

Enclosed, please find an original, two (2) copies and an electronic version of the following in regards to Everyday Energy, LLC's ("Energy Rewards") Application for its License to Supply Electricity in New Hampshire:

- 1) **EDI certificates from Eversource and Unitil.**
- 2) **Statement that Energy Rewards amends its application and intends to only serve in territories of Eversource and Unitil.**
- 3) **Extended term of surety bond to at least one year and one week after obtaining EDI certification from Eversource and Unitil.**
- 4) **Request for waiver of financial security requirements of Puc 2003.03(a)(5), which requires term of 5 years and 150 days for initial CEPS application.**
- 5) **Revised residential and small commercial contracts with Commission Staff's requested edits listed in email of 1/19/2016, including enrollment documentation, and a list of social service agencies.** Please note the edit regarding the unworkable link to our Environmental Disclosure Statement is due to the fact that one has not been created yet because we are not yet licensed, but the link provided is where this document will be found once we are licensed and it is created.

Thank you in advance for your time and attention in this matter. If you have any questions concerning this Application please contact me at (203) 883-7796.

Warmest Regards,

Carrie Cammarano, Counsel
