*Re: DM 15-496, Nordic Energy Services, LLC
 Competitive Electric Power Supplier Application*

Dear Ms. Howland:

Please be advised that I represent Nordic Energy Services, LLC. They are in receipt of the letter dated January 25, 2016, from David Goyette. Please accept this as their response thereto. The letter indicates one deficiency, claiming that the customer contracts did not include early termination fee language. The contracts include early termination language (see the Indemnification, Limitation of Liability and Performance section of the contract and the defined term "Early Termination Fee"), and we have further revised the contract to state a flat early termination fee for residential customers. We trust that this addresses your concerns, but if you have other questions please contact the undersigned or local counsel Peter Brown. I've attached a public, redacted version of all contracts and also enclose a confidential version in a sealed envelope labeled "Protected from Disclosure: Competitively and Commercially Sensitive Information."

Nordic also received a few other requests from staff, to which we will respond. First, staff requested that Nordic withdraw its request for confidential treatment of Attachment D, Consumer Complaints. Nordic is willing to withdraw that request and attaches hereto a revised public version of Attachment D that is not redacted.

Second, staff requested that Nordic shorten the contract. The attached contract is several pages shorter than the one originally submitted. A confidential version is enclosed in the sealed envelope, and a public redacted version is attached.

GOEHL, SCHUERING, CASSENS & BIER

Finally, staff requested that Nordic waive its request for confidential treatment of the contract. At this time Nordic is not willing to withdraw that request.

If you require anything else from Nordic in order to process the application, please contact the undersigned or local counsel, Peter Brown at Preti Flaherty.

Very truly yours,

GOEHL, SCHUERING, CASSENS & BIER

A handwritten signature in black ink, appearing to read "Ch Schuering". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
