Concord, NH 03301

RE: DE 16-817

Dear Director Howland:

The Dupont Group would like to be added to the service list of DE-16-817 Public Service Company of NH d/b/a Eversource Energy Auction of Electric Generation Facilities docket. At this point in the proceeding our interest is in monitoring the progress of the proceeding. We represent a diverse group of clients that have an interest in the timing of the auction and associated changes to the wholesale and retail market that will unfold as a consequence of the auction and divestiture.

At this time we do not believe that we are likely to directly participate the proceeding and so we will not seek to intervene and request party status. Inclusion on the service list should provide us with the timely information and materials we need, without burdening the Commission or parties with an additional party to the proceedings.

Thank you for your consideration of this request and please let me know if you need any additional information or materials.

Sincerely;

James Monahan, Managing Partner

The Dupont Group
