**RE: TDS Metrocom, LLC, Intrastate Access Service Tariff (NHPUC No. 1)
New Tariff**

Dear Ms. Howland:

On February 23, 2016, the New Hampshire Public Utilities Commission issued Authorization No. TU-358 that certified TDS Metrocom, LLC to operate as a CLEC in the state of New Hampshire. With this filing, we are submitting the original and two (2) copies of the Company's Intrastate Access Tariff No. 1.

The Switched Access rates were determined as follows:

- Originating rates mirror Contoocook Valley's (MCTA) rates but on a composite rate basis. MCTA's Originating Carrier Common Line, End Office Local Switching, Transport Facility and Transport Termination rates were combined plus mileage and route billing percent.
- The intrastate Terminating End Office Local Switching rate mirrors the incumbent's (Fairpoint) End Office Local Switching rate.
- The intrastate Transport Facility and Transport Termination rates also mirror Fairpoint's rates but are combined (as Transport) and include the calculated miles and route billing percent.

The proposed effective date for this filing is October 8, 2016. If you have any questions, please contact me at (608) 664-4169.

Sincerely,

Rachelle A. Ladwig
Sr. Administrator-Tariffs
