RE: DE 16-837, Complaint Against Clearview Electric, Inc. d/b/a Clearview Energy

Executive Director Howland,

Clearview Electric, Inc. d/b/a Clearview Energy ("Clearview") received a complaint made by Unitil dated October 31, 2016. In the complaint Unitil filed against Clearview with the Commission, Unitil outlines nine complaints it states it received since Clearview began marketing.

Clearview has reached out to Unitil on three separate occasions since receiving the above referenced complaint to request the specific information relating to those nine complaints, so Clearview can respond to the allegations. Unitil failed to respond to the first two requests, and its legal counsel denied Clearview's third request stating:

"As this is a docketed proceeding and Clearview is requesting confidential customer information, Unitil believes that any request for or exchange of information must be accomplished through a process consistent with the Commission rules."

Clearview hereby requests that the Commission direct Unitil to release the information to Clearview, so Clearview may respond to the Commission as directed in this case.

Clearview also requests an extension to the initial November 10th response deadline in order to properly respond to the complaint once information on the underlying issues has been received from Unitil.

Respectfully submitted,

Jeremy Reed
