Dear Director Deborah Howland,

As a resident of the Upper Valley, I oppose the Lebanon/Hanover fracked gas pipeline proposed by Liberty Utilities. We have a commitment to transition our community's electricity to 100 percent renewable sources by 2030, and heat and transportation by 2050. We need a renewable energy future, not more dangerous fossil fuels that create health hazards. I strongly urge you to reject Liberty's proposal to expand this fracked gas pipeline!
