I am writing to ask you in
the strongest terms to oppose
the fracked gas pipeline.
Fracked gas is terrible for the
environment and threatens the
health of our citizens. Moreover,
the pipeline is very short-sighted.
It is clear that the future
is in renewable energy.

Dear Dir. Howland:

I STAND WITH THOSE IN THE UPPER VALLEY WHO OPPOSE THE GAS PIPELINE - THE COMMUNITIES GOALS & FRICTIONS WOULD TO A FUTURE WITH LESS CARBON PRODUCED ENERGY. THIS PIPELINE IS CONTRARY TO THESE EFFECTS. PLEASE DON'T APPROVE.

Dear Dir Howland,

I would like more infrastructure
for renewables instead of
carbon based fuels.

Thanker
