Re: Conditional Approval Confirmation of Final Proposal 2016-233

Dear Commission Members:

At its meeting on August 17, 2017, the Joint Legislative Committee on Administrative Rules (Committee) voted, pursuant to RSA 541-A:13, IV, to conditionally approve Final Proposal 2016-233 of the Public Utilities Commission (Commission) containing Puc 2000 relative to competitive electric power supplier and aggregator rules. The Committee's approval was conditioned on amending Final Proposal 2016-233 as specified in the Commission's conditional approval request received August 16, 2017.

The Committee's conditional approval was given with the understanding that the Commission would delay the effective date of its rules until at least 60 days after they are filed, giving the regulated community time to comply with the new requirements they contain.

On August 25, 2017, our office received your written response indicating how Final Proposal 2016-233 was amended in accordance with the conditional approval. We have reviewed the explanation pursuant to RSA 541-A:13, V(a), and have determined that Final Proposal 2016-233 has been amended in accordance with the conditional approval and RSA 541-A:13, V(a). Therefore you may now adopt and file the rules in Final Proposal 2016-233, as amended.

If you have any questions concerning the provisions of RSA 541-A relative to responses, or adoptions, please call Scott Eaton at 271-3680.

Very truly yours,
