**RE: DG 17-048 Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities
Compliance Tariff Filing - NHPUC No. 10**

Dear Ms. Howland:

In compliance with the Commission's Order No. 26,122 in Docket No. DG 17-048 (April 27, 2018), an original and two copies of the following tariff is transmitted herewith:

NHPUC No. 10 – Gas Service
Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities

Original Pages 1 through 148

In this Order, the Commission approved the requests for adjustments to Distribution and LDAC rates for EnergyNorth, including Keene, effective May 1, 2018. Keene will maintain its own COG rate. Keene COG rates effective May 1, 2018 were approved in Order No. 26,126 in Docket No. DG 18-052. The methodology to be used to calculate future Keene COG rates in accordance with Order No. 26,122 will be developed by the Company in consultation with Staff and OCA prior to the Winter 2018 season. Significant changes to this tariff compared to the suspended Liberty Utilities (EnergyNorth Natural Gas) Corp d/b/a Liberty Utilities NHPUC No. 9 tariff filed in April 2017 are:

1. Inclusion of Keene in the service territory of EnergyNorth;
2. Inclusion of the Keene cost of gas clause under item 16.2 of the General Terms and Conditions, section I;
3. Removal of any reference to decoupling and replacing it with the Lost Revenue Adjustment Mechanism under item 17 of the General Terms and Conditions, section I (since decoupling will be implemented on November 1, 2018); and

4. Rate schedules, section II have all been updated to incorporate the new rates and rate design related to Distribution, LDAC or COG, as applicable.

Please do not hesitate to call if you have any questions.

Sincerely,
