Re: DG 17-070 Northern Utilities, Inc.
Petition for Rate Increase: Second Report of Rate Case Expenses

Dear Director Howland:

In compliance with Part Puc 1905.01, Estimated Rate Case Expenses, Northern Utilities, Inc., or the "Company") hereby submits its second 90-day Report of Rate Case Expenses in the above-referenced docket.

Attachment 1 describes the categories of rate case expenses. As described therein, the costs are primarily for outside consulting and temporary help services to assist with the preparation and presentation of the Company's proposed rate case and the Company's proposed development of studies on various matters required to establish appropriate rates for the Company's customers. The Company obtained competitive bids from outside consultants in order to contain costs and provide a basis to evaluate the overall reasonableness of rate case expenses.

In addition to these services, the Company's internal staff plays a significant role in rate case preparation (gathering data, researching information, preparing analyses, bill frequencies, customer bill impacts, revising tariffs, and preparing the filing, for example). Internal staff is also heavily involved in responding to information requests and preparing responses for filing. To date, the Company's internal legal counsel is handling legal-related aspects of this proceeding. No internal Company staff costs are included in rate case expenses.

Attachment 2 provides the procurement process used by the Company to engage and employ outside consultants rendering services on behalf of Northern Utilities, Inc. in this rate case. The Company's procurement process for its outside consultants includes issuing a Request for Proposals, analyzing the bids, selecting the winning bidder, and executing engagement letters. The fee proposals, availability, qualifications and experience of each bidder, technical approach, and proposal quality are all considered in its selection of the winning bidder.

Attachment 3 is a schedule which provides a breakdown of actual rate case expenses paid to date by service provider and projected rate case expenses as filed in the
