**Re: DT 17-091
CRC Communications LLC d/b/a OTT Communications
Proposed Revisions to Intrastate Tariff No. 1**

Dear Ms. Howland:

Enclosed please find an original and two (2) copies of CRC Communications LLC d/b/a OTT Communications' ("OTT") proposed second revision to Pages 1 and 38 of Intrastate Access Tariff No. 1 ("Tariff"), which carries a proposed effective date of July 31, 2017.

This filing is made pursuant to the Federal Communications Commission's *USF/ICC Transformation Order* ("Order"), which established that individual intrastate rates for dedicated access local transport, terminating switched access, and associated services must be equal to or lower than their corresponding interstate rates. Accordingly, OTT has changed End Office and/or Tandem Switching into two rate elements: Local Switching and Transport – Originating and Tandem-Switched End Office and Transport – Terminating. In addition, OTT has reduced its Tandem-Switched End Office and Transport - Terminating rate from \$0.000968 to \$0.00070.

If you have any questions, I may be reached at (256) 586-1420 or by email at dennis@otelcotel.com.

Sincerely,

Dennis K. Andrews
Senior Vice President
