**FROM:** Michael Ladam, Director, Regulatory Innovation and Strategy  
**SUBJECT:** DT 17-091: Intrastate Access Tariff Revisions by non-ILEC Telephone Utilities (second group, five companies)  
**TO:** Commissioners  
Debra Howland, Executive Director  
**CC:** David Wiesner, Staff Attorney

Five companies have submitted intrastate access tariffs that, in Staff's assessment, may be allowed to take effect. These submissions have been made pursuant to the Federal Communications Commission (FCC) Report and Order FCC 11-161 (Transformation Order). None of these tariff revisions include any rate increase. Companies have proposed one of four effective dates, all in July 2017.

The companies that have made such filings are:

Company	Telephone Utility ID	Proposed Effective Date
ACN Communication Services, LLC	205	July 29, 2017
Bullseye Telecom, Inc.	217	July 29, 2017
MCIMetro Access Transmission Services, LLC	262	July 31, 2017
PAETEC Communications, Inc.	282	July 28, 2017
Wide Voice, LLC	327	July 29, 2017

In a Secretarial Letter dated June 13, 2017 in the present docket, the Commission anticipated that access revisions would typically take effect on July 31, 2017. Since each of these five revisions reduces the charges that the filing company assesses against other telephone companies, no party suffers financial costs if a rate change takes effect on an earlier date.

Staff has reviewed these filings for compliance with FCC orders and rules. Our review has included comparison with the recently revised access tariff of Northern New England Telephone Operations, LLC (FairPoint), which is the "price cap carrier" in New Hampshire and whose intrastate access tariff therefore serves as a cap on rates filed by certain other providers. All five filings appear to be consistent with FCC directives.

Staff therefore recommends allowing these five tariff revisions to take effect by operation of law on the effective date that each filing company proposed.
