Re: DE 17-136 – 2019 Commercial and Industrial Demand Reduction Initiative

Dear Director Howland:

Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) and Unitil Energy Systems, Inc. (“UES”); are pleased to submit this filing providing information on their proposed 2019 Commercial and Industrial Demand Reduction Initiative.

On December 31, 2018 in Order No. 26,207, in Docket No. DE 17-136, the New Hampshire Public Utilities Commission approved the 2019 Update Plan as amended by a December 13, 2018 settlement agreement. The 2019 Update Plan, as revised, and the December 13, 2018 settlement agreement provide for a Commercial and Industrial Demand Reduction Initiative to be implemented in 2019 by Eversource and UES. Per the settlement agreement, this filing provides additional detail on the initiative and its design.

Eversource and UES are pleased to present this Commercial and Industrial Demand Reduction Initiative to test new avenues for serving our customers and reducing energy costs in New Hampshire. Eversource and UES look forward to working with the Commission, its Staff, other stakeholders and our customers to review this initiative and implement it for the benefit of New Hampshire and its utility customers. Please contact me if there are any questions about this filing. Thank you.

Very truly yours,

Matthew J. Fossum
Senior Counsel, Eversource Energy
o/b/o Eversource and UES
