Dear Chairwoman Martin:

**Re: DE 17-136; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty
NHSaves Energy Efficiency Programs
Performance Incentive Calculation – PY 2018 (Revised), PY 2019 (Revised), and PY 2020
(Revised)**

Enclosed for filing with the Commission is Liberty's revised performance incentive calculations relating to the NHSaves Energy Efficiency Programs for program years 2018, 2019, and 2020. The Commission approved the 2018 programs in its Order No. 26,095 issued January 2, 2018, the 2019 programs in its Order No. 26,207 issued December 31, 2018, and the 2020 programs in its Order No. 26,207 issued December 31, 2019.

The specific revisions to the 2018 report are: 1) an increase to the program participant costs for the Large Business program, 2) a decrease to the annual and lifetime MMBtu savings for the Home Performance with ENERGY STAR program, and 3) an increase to the annual and lifetime kWh savings for the ENERGY STAR Homes program. The application of these revisions does not result in a change to the Performance Incentive amount.

The specific revisions to the 2019 report are a decrease to the annual and lifetime MMBtu savings for the Home Performance with ENERGY STAR program. The application of these revisions results in a decrease to the Performance Incentive amount totaling \$286.64.

The specific revisions to the 2020 report are a decrease to the annual and lifetime MMBtu savings for the Home Energy Assistance program and the Home Performance with ENERGY STAR program. The application of these revisions results in a decrease to the Performance Incentive amount totaling \$850.89.

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

Steven E. Mullen
