**RE: DE 17-136 - NHSaves Energy Efficiency Programs**

Dear Chair Goldner:

Enclosed for filing with the Commission is the revised Q4 2021 Report for the NHSaves Energy Efficiency Programs containing results for all the electric and natural gas utilities. This revised filing includes Eversource's amended SmartSTART results as well as preliminary savings and participants for their Active Demand Response ("ADR") pilots, which were inadvertently excluded in the March 1, 2022 filing.

A copy of this report was made available electronically to the Commission and all parties on the service list on April 12, 2022.

Very truly yours,

A handwritten signature in blue ink, appearing to read "M. Leménager".
