**Re: DG 17-141 Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities – Keene
Division
Winter 2017-2018 Cost of Gas**

Dear Ms. Howland:

The second and third ordering clauses of Order No. 26,067 (Oct. 31, 2017) in the above docket directed the Company (1) to "refile, as quickly as possible, its proposed COG rates with all costs related to CNG removed and replaced with propane costs," and (2) to "file bill impact analyses to show the impact of these rates on customers, in a format similar to that used in its initial filing of September 15."

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities – Keene Division, and in compliance with the provisions of Order No. 26,067 quoted above, enclosed for filing is an original and six copies of (1) revised tariff pages containing the Company's proposed rates with propane costs replacing all costs related to CNG (and including the FPO rate as proposed), and (2) the associated bill impact analyses.

Note that the Company will treat this filing as the compliance filing that is typically required in COG orders. Thank you for your assistance with this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "M. Sheehan", written in a cursive style.
