Utilities Commission,

Dear Commissioners,

I respectfully urge you to deny any permits to Liberty Utilities for the construction of the Granite Bridge pipeline and tank.

Liberty Utilities has a horrible track record with public safety. They've been fined tens of thousands of dollars for safety and maintenance violations in the past and caused a "6 Alarm Emergency" in the city of Keene at cost of \$50,000.

We need you to stop this project to protect the health and wellbeing of our citizenry and our beautiful state.
