RE: Docket No. DE 18-XXX
Public Service Company of New Hampshire d/b/a Eversource Energy

Meter Test Report and Renewed Request for Waiver of Puc 305.03

Dear Director Howland:

Enclosed for filing, please find the Meter Test Report and Renewed Request for Waiver of Puc 305.03 submitted by Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”). This report and renewed waiver request is based upon an agreed upon waiver previously approved by the Commission in its December 19, 2017 secretarial letter in Docket No. DE 17-127. Pursuant to that prior waiver, Eversource was to use 2018 as a “transition” year in which to demonstrate that a broader waiver of Puc 305.03 is appropriate to implement on January 1, 2019. Eversource was to make that demonstration by performing certain tests and submitting its report of those tests. Eversource’s report is included with this filing. Based upon the positive results of the tests as shown in the report, Eversource hereby renews its prior request for a broader waiver effective of January 1, 2019.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum
