Re: **DW 18-187, City of Dover**

Dear Ms. Howland:

On March 6, 2020, I received a call from PUC staff in connection with the above matter requesting the submission of a letter from the New Hampshire Department of Environmental Services ("NHDES") confirming sufficient water capacity. Enclosed please find original and six (6) copies of an email from NHDES confirming sufficient water capacity. Please do not hesitate to contact me if this is not satisfactory or if you need anything else.

If you have any questions, please do not hesitate to call.

Sincerely,

Joshua M. Wyatt
City Attorney

Rick,

A single resident in Rollinsford has requested water service from Dover. The resident is located at 7 Hall Street – and we already service other Rollinsford properties in the area. But because this specific address hasn't been included in prior PUC Franchise Approvals, we need to go through the PUC approval process to install a service for this parcel.

The PUC (per note below) is requesting approval or a confirmation letter from DES that Dover has sufficient capacity to accept this one new residential home.

Is this something you can help us with?

Thanks for your time,
