**Re:        Unitil Energy Systems, Inc.**  
             **Docket No. DE 19-043**  
             **Tariff - Storm Recovery Adjustment Factor**

Dear Chairman Goldner:

On behalf of Unitil Energy Systems, Inc. ("UES"), enclosed please find a copy of the following tariff pages, effective May 1, 2022:

**NHPUC No. 3 – Electricity Delivery, Unitil Energy Systems, Inc.**  
Fifty-First Revised Page 4 and 5, Summary of Delivery Service Rates  
Seventy-Third Revised Page 6, Summary of Low-Income Electric Assistance Program Discounts  
Ninth Revised Page 69, Storm Recovery Adjustment Factor, Schedule SRAF

On March 10, 2022, the Company made its tariff and rate change filing in this docket which included only the Storm Recovery Adjustment Factor, Schedule SRAF, tariff page. At that time, Unitil was waiting on approval of pending rate changes in DE 21-030 (initially pending approval for effect April 1, 2022) before incorporating the SRAF changes into tariff pages Summary of Delivery Service Rates and Summary of Low-Income Electric Assistance Program Discounts, for effect May 1, 2022.

The enclosed tariff pages have been provided in both clean and redline version. The Summary of Delivery Service Rates and Summary of Low-Income Electric Assistance Program Discounts reflect changes to the SRAF, as well as changes to the System Benefits Charge presented and approved in DE 20-092, also for effect May 1, 2022.

As previously noted in its March 10, 2022 filing in this docket, per its tariff, UES will file the final results of its recovery of the costs associated with the March 2018 Winter Storm Quinn with the Commission no later than sixty days after the conclusion of the recovery period, with the disposition of any remaining balance subject to Commission review and approval.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in blue ink that reads "Karen M. Asbury".
