Dear Ms. Howland:

In compliance with the secretarial letter issued by the Commission on March 27, 2019 in Docket No. DE 19-044 (Line Extension Tariff Update), the following tariff pages are transmitted herewith:

NHPUC No. 9 - Electricity Delivery  
Public Service of New Hampshire dba Eversource Energy

4<sup>th</sup> Revised Pages 26 and 27

Effective: April 1, 2019

In its secretarial letter, the Commission determined Eversource's updated cost per foot rates of \$27.13 for overhead single-phase construction and \$15.36 for underground single-phase construction are just and reasonable and are approved for effect on April 1, 2019.

Black-lined tariff pages denoting the changes associated with the updated cost per foot rates were filed with the Commission on March 1, 2019. Black-lined tariff pages denoting the updated issue date and incorporating the authorization footnote are included in this submittal for easy identification of the changes.

Very truly yours,
