RE: Docket No. DE 19-057  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Notice of Intent to File Rate Schedule  
**Corrected Compliance Tariff - UPDATE**

Dear Director Howland:

On December 15, 2020 the Commission issued Order No. 26,433 approving a settlement in the above-captioned proceeding relating to the rate case filing of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource"). On December 23, 2020, the Commission issued Order No. 26,439 pertaining to the first step adjustment under the same settlement. In compliance with both orders, on December 31, 2020, Eversource submitted a compliance tariff to confirm the new rates, terms and conditions of service resulting from this matter.

As part of the settlement (Section 14.8) Eversource agreed to make certain adjustments to the assumed hours of operation contained in its Rate OL and Rate EOL. As noted in the settlement, those adjustments are to be made when programming and bill changes are implemented. In making the compliance filing on December 31, Eversource inadvertently adjusted the burn hours on page 75 of its tariff to incorporate the adjusted hours of operation, even though the programming and bill changes are not ready yet. To address that inadvertent adjustment, on January 28, 2021 Eversource submitted a corrected version of page 75 of the tariff, in clean and redline form.

Staff has since informed Eversource that when it submitted the corrected page, the effective date of that page should have been updated to reflect the date the correction was submitted. Accordingly, Eversource has revised the page to reflect the revision to the effective date. If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum  
Senior Regulatory Counsel
