Date of Response: 6/15/20
Respondent: Heather M. Tebbetts
Anthony Strabone

REQUEST:

Has the Company finalized its design for providing service to Tuscan Village South? If so, how does that design comply with the least cost option to serve? Please explain.

RESPONSE:

The Tuscan Village south parcel is an Underground Commercial Development and has been designed and built based on Line Extension Policy 4: UCD. All of the customer locations in the parcel are served by services requested by the customers requesting electricity in that parcel. The final design is not yet complete because there are areas of the parcel that are not developed at this time.
