RE: Docket No. DE 19-106
Public Service Company of New Hampshire d/b/a Eversource Energy
2019 Transmission Cost Adjustment Mechanism

Dear Director Howland:

On July 3, 2019, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource” or the “Company”) submitted the testimony and attachments of Erica L. Menard, David F. Bidmead, Edward A. Davis, and John P. Dipaola-Tromba, setting forth its request for an adjustment to the current Transmission Cost Adjustment Mechanism (“TCAM”) rates for effect on August 1, 2019. Subsequent to that submission, and consistent with long-standing practice, Eversource held a conference call with the Commission Staff and the Office of Consumer Advocate (“OCA”) on July 16, 2019 to discuss the filing in advance of the hearing scheduled for July 19, 2019. As a result of that discussion, along with additional review by Eversource, it became clear that certain updates and refinements to the materials in this docket, as well as the Company’s pending request to adjust the Stranded Cost Recovery Charge in Docket No. DE 19-108, were needed.

Historically, updates or changes to testimony or attachments have been addressed by witnesses during the course of a hearing. Given the nature of the changes required in this filing, however, Eversource is providing this filing in advance to note and describe the changes to the filing from the one submitted on July 3, 2019. Accordingly, please find enclosed an original and six copies of a revised and updated version of the filing submitted on July 3, 2019. Please note, neither the testimony nor the proposed rate have been adjusted, but only the calculations in the attachments where noted.

The enclosed materials are provided in “redlined” format, with highlights around the material that has changed. Explanations for the various adjustments are provided within the enclosed materials and the Company stands ready to support and validate the changes and the resulting rates during the July 19, 2019 hearing.

Eversource takes seriously its obligation to provide accurate and timely information to the Commission, the Staff and the OCA. Eversource has been diligent in identifying the necessary changes and requests that the Commission accept this updated submission in this proceeding.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,
