RE: Docket No. DE 19-108  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Petition for Adjustment to Stranded Cost Recovery Charge

Dear Director Howland:

On July 3, 2019, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource” or the “Company”) submitted the testimony and attachments of Erica L. Menard and David F. Bidmead setting forth updates to its request for an adjustment to the current Stranded Cost Recovery (“SCRC”) rates for effect on August 1, 2019. Subsequent to that submission, and consistent with long-standing practice, Eversource held a conference call with the Commission Staff and the Office of Consumer Advocate (“OCA”) on July 16, 2019 to discuss the filing in advance of the hearing scheduled for July 19, 2019. During that discussion, it was noted that Eversource had included a table of the proposed rates applicable to all rate classes and sub-classes as part of its July 3, 2019 filing relating to its Transmission Cost Adjustment Mechanism, *see* Attachment EAD-1 (Bates page 43) in Docket No. DE 19-106, but did not include a similar table with the filing in this docket.

Historically, Eversource has not included such a table in its SCRC filings. Recently, however, Eversource has been examining modifications the presentation of certain filings with the intent of facilitating a more efficient review by the Commission, Staff, and OCA. With the desire to further support that intent, Eversource is providing the enclosed tables setting out the current and proposed SCRC rates applicable to all customer classes and sub-classes and requests that the Commission include the material in this submission as part of the materials to be considered in this docket.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum  
Senior Regulatory Counsel
