**Petition for License to Construct and Maintain Electric Lines Over and Across  
Franklin Pierce Lake in the Town of Antrim**

**Summary of Order *Nisi* No. 26,334 Granting Crossing License**

**February 25, 2020**

On February 25, 2020, the Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) under RSA 371:17, for a license to construct and maintain electric lines over and across Franklin Pierce Lake in Antrim. This project modifies an existing crossing. The Commission's Order, the petition, and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted on the Commission's website at <https://puc.nh.gov/Regulatory/Docketbk/2019/19-134.html>.

The Commission determined that the proposed crossing is necessary to meet the reasonable requirements of service to the public, and the license may be exercised without substantially affecting the public rights in Franklin Pierce Lake. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the proposed crossing.

The Commission delayed the effectiveness of its approval to ensure that the public receives notice of the Commission's determination and has an opportunity to request a hearing. Persons interested in responding to the Commission's action may submit their comments, or file a written request for a hearing that states the reason and basis for a hearing, no later than

March 12, 2020. Any person(s) responding to such comments and requests for hearing shall do so no later than March 19, 2020. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its Order.

Unless the Commission orders otherwise, the Order shall become final and effective on March 25, 2020.
