Concord, NH 03301

Re: **DE 19-142**: Rate Recovery of Costs in Excess of the Cumulative Reduction Cap  
Under the Power Purchase Agreement with Berlin Station, LLC

Dear Chairman Goldner:

On February 18, 2020, the Commission issued Order No.26,333, "Amended Order Approving an Amendment to the Power Purchase Agreement" (the "Order") in the above-referenced proceeding. In the Order, the Commission required Berlin Station to provide bi-annual reports outlining its "progress toward achieving a permanent solution that will ensure the Excess Cumulative Reduction Amount is repaid. Copies of those reports should be provided to the standing legislative committees with jurisdiction over energy-related issues, specifically the House Science, Technology, and Energy and the Senate Energy and Natural Resources Committees." In accordance with those requirements, enclosed for filing please find attached Burges Biopower's biannual report. Pursuant to notice by the Commission on March 17, 2020 suspending paper filings in light of the pandemic, this is an electronic filing only; hard copies will not follow.

Sincerely,

A handwritten signature in blue ink, appearing to read "Carol J. Holahan".
