**Re: SUPPLEMENT TO DOCKET DE 19-162
SUPPLEMENTAL PETITION OF PUBLIC SERVICE COMPANY OF NEW
HAMPSHIRE D/B/A EVERSOURCE ENERGY FOR LICENSE TO CONSTRUCT AND
MAINTAIN ELECTRIC LINES OVER AND ACROSS THE ANDROSCOGGIN RIVER
AND MOOSE BROOK IN GORHAM AND LAND OWNED BY THE STATE OF NEW
HAMPSHIRE IN WHITEFIELD, GORHAM AND RANDOLPH, NEW HAMPSHIRE**

Dear Director Howland:

Enclosed for filing with the Commission please find Public Service Company of New Hampshire d/b/a Eversource Energy's supplement to the above referenced petition for licenses to cross public waters and State owned land. Pursuant to the Commission's notice of March 17, 2020, this filing is only being provided by email.

This supplement eliminates discussion of the crossing of the Androscoggin River Reservoir in Gorham from the petition and removes the corresponding Exhibit 8 plan and profile detail for said crossing as well as removes the crossing structures (Strs. 298 & 299) from the Exhibit 1 location plan. These changes reflect consensus reached with the New Hampshire Dept. of Environmental Services and the PUC's Safety Division that said Androscoggin River Reservoir crossing location does not constitute a public water for the purposes of RSA 371:17. There are no other changes to the enclosed supplemental petition.

Eversource respectfully requests that the Commission issue an Order *Nisi* with respect to this supplemental crossing licenses application.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Erik", written over a horizontal line.

Erik Newman
