RE: Docket No. DE 19-197 – Development of a Statewide, Multi-Use Online Energy Data Platform
Mission:data Coalition – request for hybrid accommodations for June 3, 2022 prehearing conference

Chair Goldner:

On April 8, 2022, the Commission issued Order No. 26,607 scheduling a prehearing conference to be held on June 3, 2022 for Docket No. DE 19-197 to address the Office of the Consumer Advocate's request for clarification of certain issues in its motion for rehearing and the NH Utilities questions raised in its motion for a prehearing conference. As a party to this docket I have a vested interest in the outcome of this proceeding and would like to be an active participant in the prehearing conference. However, as I am located in Washington state, and due to family health issues, it would be a hardship to travel to the Commission's offices in Concord for the June 3 conference. For these reasons, I respectfully request the Commission grant this request for hybrid attendance accommodations.

Following the March 17th letter of the Commission, this petition is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Sincerely,

/s/ Michael Murray, President
