**RE:** Docket No. DE 19-197 – Development of a Statewide, Multi-Use Online Energy Data Platform

Clean Energy New Hampshire – request for remote participation for February 8<sup>th</sup>, 2024 status Conference

Chair Goldner:

On behalf of Clean Energy New Hampshire, we respectfully request that our representative be able to listen and observe remotely via WebEx for the February 8<sup>th</sup>, 2024 status conference in the above referenced docket. Ethan Goldman is based in Vermont, has been an active participant in this proceeding, and is unable to travel to Concord at that time. If it helps the Commission's logistics, we do not need the ability to speak or be heard by others at the status conference.

Finally, we regret that it was not possible to provide this request more than 15 days before the status conference as the Commission's procedural order was issued January 29<sup>th</sup>, 2024.

Thank you for your consideration.

Sincerely,  
/s/ Ethan Goldman
