**3. Describe any programs or initiatives undertaken to assist customers specifically as a result of the COVID-19 pandemic, the State of Emergency, Emergency Order #3, and the related stay-at-home restrictions.**

In response to COVID-19 pandemic, effective March 16, 2020, LRWC has waived all late fees and has not disconnect any customers for past due balances. LRWC will continue to provide the opportunity to make reasonable payments arrangements for all customers that have incurred past due balances during this COVID-19 pandemic in accordance with Emergency Order #3 until the Commission directs us in lite of Emergency Order #58.

**4. Provide a detailed description of customer outreach undertaken to date.**

- LRWC has communicated changes to its policies to adhere to the Emergency Order #3 with bill inserts during the month of June and July.
- Website has a note regarding the Office Closure and Emergency Orders from the Governor.
- LRWC also has been available to answer any customer’s concerns by phone and a payment “drop off” at the office is still available.

**5. Describe the Utility’s review and evaluation of best practices and successful initiatives undertaken in other states.**

LRWC will continue to participate in webinars and teleconferences related to COVID-19 and will continue to review and evaluate best practices and successful initiatives undertaken in other states as this pandemic continues.

**6. Describe whether the Utility has updated its sales forecasts in light of the pandemic and its effects on the economy.**

At this time, LRWC has not updated its sales forecast in light of the pandemic or its effects on the economy. Of LRWC 1813 customers, 51.35% are seasonal and 48.59% year-round. Summer months are when most of the seasonal customers use their second homes. LRWC has 1,173 Metered customers that are billed a fixed rate and metered rate and 640 unmetered that are billed a fixed rate only. LRWC compared billing revenue for March-May for all customers totaling \$318,810 for 2020 and \$339,592 for 2019 giving the Company a \$20,682 loss in revenue. For the month of June only divisions in Cycle 1 have been billed for a total revenue of \$135,595 in 2020 and \$138,971 in 2019 giving the Company a \$3,376 loss in revenue. Monthly reporting for LRWC does present some challenges as it does not reflect total customer base. See chart below for breakdown of Billing cycles.

**7. Describe any operational changes the Utility is making or planning to make in response to the effects of the pandemic, including changes in budgets or personnel.**

LRWC operational changes remain the same as last month's report and are as follows.

- The office is closed to the public to limit contact with office staff.
- The option to work remotely is available to those who choose to do so.
- Sanitization and cleaning procedures for both the office and field staff vehicles/equipment where implemented.

- March, April and May meter reading were suspended to minimize any unnecessary contact with customers. Estimated usage was performed for those months.
- There was no employee furloughs or payroll changes in response to the pandemic.
- Applied for and received a PPP loan in the amount of \$82,300 from Bank of NH. The funds were used for payroll and utilities during an 8-week period. LRWC will be applying for principal forgiveness in the next few months.

**8. Describe any changes to capital projects and related planning budgets the Utility has made or is planning to make in response to the effects of the pandemic.**

LRWC has made no changes to any capital projects or related planning budgets at this time due to the pandemic.

**9. Describe any supply chain disruptions the Utility is experiencing or expects may occur and the effects of such supply chain disruptions.**

LRWC has not experienced any supply chain disruptions and does not expect any to occur at this time, this does include access to PPE.

**10. Describe whether the Utility and/or its parent company has adequate access to capital or has been negatively affected in accessing the capital markets or has been downgraded by any credit rating services.**

LRWC has adequate access to capital at this time and has not been negatively affected and has not been contacted by the rating agency requesting information.

**11. Describe incremental costs associated with the COVID-19 pandemic since the State of Emergency order, how the cost is calculated, cost to date, accounting treatment, impact on earnings, and proposed or planned rate treatment.**

LRWC has not calculated any incremental cost associated with the COVID-19 pandemic since the State of Emergency order. LRWC has not seen an increase in bad debt from non-payment from customers. With a field staff total of four (4) the initial investment of PPE is \$342.60. LRWC will continue to monitor all cost in the up coming months and will formulate a plan when necessary.
