Please continue to support New Hampshire's Energy Efficiency Resource Standard. This is the perfect time to double down on our commitment to energy efficiency. As a recent transplant to the state, I know our bills can get high, but the biggest way to reduce them is state-supported investments in reducing the amount of energy we use. As a homeowner, the NHSaves program has been a great resource to me. I strongly support the plan proposed by our utilities.

Thank you,
