**Re: SUPPLEMENT TO DOCKET 20-103
PETITION OF PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE D/B/A
EVERSOURCE ENERGY FOR LICENSE TO CONSTRUCT AND MAINTAIN
ELECTRIC LINES OVER AND ACROSS STATE OWNED LAND IN
MERRIMACK, NEW HAMPSHIRE**

Dear Director Howland:

Enclosed for filing with the Commission in Docket 20-103, please find Public Service Company of New Hampshire d/b/a Eversource Energy's supplement encompassing a replacement Exhibit 2 drawing depicting Structures 95, 96 & 97 on Eversource's 345kV 3195 Line. The specific changes to Exhibit 2 are as follows: (i) Sag conditions for the OPGW were corrected from -20 deg with ½" of ice to 32 deg with ½" of ice; (ii) Reference to NESC Rule 250B was removed as being unnecessary; and (iii) Plan View Legend was corrected – "3195 Line 115kV" was corrected to "3195 Line 345KV".

In addition, Paragraph 7 of the Petition should reference the 2012 NESC, not 2017 NESC.

Pursuant to the Commission's notice of March 17, 2020, this filing is only being provided by email.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Erik Newman".

Erik Newman
Senior Counsel
