2020 Least Cost Integrated Resource Plan

Procedural Order Re: Rescheduled Hearing

By procedural order dated November 1, 2022, the Commission scheduled a hearing in this docket on January 24 and January 25, 2023. To accommodate review of the voluminous proposed exhibits provided by the parties in this proceeding during this week, and with the expectation that this will be a contested hearing, the Commission has rescheduled the hearing to March 7 and March 8, 2023, starting at 9:30 a.m. on both days. The Commission has previously granted a motion filed by the New Hampshire Department of Energy for two of its witnesses, Ronald D. Willoughby and Joseph J. DeVirgilio, to appear remotely at the January 24 and January 25, 2023 hearing on the grounds that they are based outside of New England and that allowing them to participate remotely would reduce their travel time and related expenses. Consistent with that earlier ruling, a hybrid hearing format will be used at the March 7 and March 8, 2023 hearing, and Mr. Willoughby and Mr. DeVirgilio may appear remotely consistent with the hearing guidelines issued on March 25, 2022. All other individuals participating in this hearing are expected to appear in person unless a party files a written request for a particular individual to appear remotely.

So ordered, this nineteenth day of January, 2023.

Daniel C. Goldner
Presiding Officer
Chairman
