

June 27, 2022

Daniel Goldner, Chairman  
New Hampshire Public Utilities Commission  
21 S. Fruit Street, Suite 10  
Concord, NH 03301-2429

**RE: DE 20-170: Compliance Tariff Filing - Revised**

Dear Chairman Goldner:

On behalf of Unitil Energy Systems, Inc. (“Unitil” or the Company”), and in compliance with Order No. 26,604, dated April 7, 2022 in the above referenced docket, I enclose clean and redlined copies of the following tariffs pages, for effect July 1, 2022.

NHPUC No. 3 – Electricity Delivery, Unitil Energy Systems, Inc.

- Schedule TOU-EV-D, Original Pages 50-E through 50-F
- Schedule TOU-EV-G2, Original Pages 58-A through 58-D
- Schedule TOU-EV-G1, Original Pages 58-E through 58- H

In support of these tariffs, please find the Electric Vehicle (“EV”) rate development providing the calculation of the EV rates. As shown, consistent with the Settlement Agreement approved in this proceeding, the EV rates for distribution, transmission and generation are derived from the ratios resulting from the initial peak, mid peak, and off-peak rates for the summer and winter seasons which were provided in DE 20-170 Exhibit 24 Revised, Attachment A Illustrative Rates.

These tariff pages are intended to revise the tariff pages filed on June 6, 2022 which included rates were based upon Unitil’s proposed step adjustment in DE 22-026. The proposed step adjustment remains pending before the Commission as of this writing. As such, the Company is revising the tariff pages outlined above to exclude the step adjustment, and will make appropriate compliance tariff filings when it receives an order in DE 22-026. Under separate cover in DE 21-030, the Company will file Schedule TOU-D, Schedule RDAC to incorporate Schedule TOU-D, and a new tariff page summarizing the rates for its domestic whole house time of use rate (Schedule TOU-D) and incorporating the EV rates for domestic and general service, all for effect July 1, 2022.
