**Re: Docket No. DE 20-170; Electric Distribution Utilities  
Electric Vehicle Time of Use Rates**

Dear Chair Goldner:

On August 4, 2022, the Commission issued a Provisional Tariff Compliance Letter requesting the Company file in this docket a comparison between the rates and rate ratios presented in the Company's July 6, 2022, compliance filing and the Department of Energy's illustrative rates and rate ratios shown in DE 20-170 Exhibit 24 Revised, Attachment A Illustrative Rates, filed on February 7, 2022. The Commission also requested the Company include all necessary supporting documentation in live spreadsheet form and provide a justification for any changes which have occurred between the filings.

Exhibit 24 Revised, Attachment A Illustrative Rates, provided a revised illustrative calculation of EV-M and EV-L time-of-use rates. On behalf of Liberty Utilities (Granite State Electric) Corp., enclosed please find Attachment 1 containing a comparison of the illustrative rates in Exhibit 24 Revised, Attachment A Illustrative Rates to the rates and rate ratios for July 1, 2022, rates. The Company is also providing the models used to calculate the rates EV-L and EV-M in live spreadsheet form. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Sheehan", written in a cursive style.
