Re: Unitil Energy Systems, Inc. REP VMP Report – Fiscal Year 2021
DE 20-183

Dear Director Howland:

Enclosed for filing on behalf of Unitil Energy Systems, Inc. (“UES” or “Company”) is a replacement for page 4 of the initial filing. As noted in the footnote on the original page 4, the 2021 VMP expenditures by activity and the estimated proposed VMP activity details in Table 1 was a best estimate which did not include final pricing for 2021 work, as work was out to bid at that time and contracts not finalized. The replacement page reflects the results of the bids and contract pricing for all work except the SRP. The SRP work is still being planned and has not yet gone out to bid. All changes to the original page 4 are noted in red typeface on the replacement page.

Also enclosed is a replacement for Page 8. In Table 7, the first circuit listed was mislabeled on the original page as “E23X1.” The correct name of the circuit is “E2X3,” and this is reflected on the enclosed replacement page.

Please do not hesitate to contact me if you have any questions concerning this filing.

Sincerely,

A handwritten signature in black ink that reads "Gary Epler".

Gary Epler
Attorney for Unitil Energy Systems, Inc.
