PUBLIC UTILITIES COMMISSION

Re: Lakes Region Water Company

NOTICE OF INTENT TO FILE RATE SCHEDULES

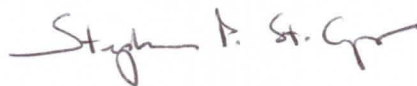

Lakes Region Water Company ("LRWC" or "Company") provides notice to the Commission that it intends to file rate schedules for the following three water systems and total company. As directed by NHPUC Order 26,340 and as contemplated by the parties to Docket No. DW 19-177, the Company has proposed and requested a consolidated rate increase of 18.10% for all customers, and, in the event that consolidation is not approved, the Company has proposed stand-alone rate increases ranging from 17.21% (general customers) to 172.81% as follows:

	<u>Approximate Amount Increase</u>	<u>Approximate Percent Increase</u>
Proposed Consolidated Rates:	\$292,006	18.10%
Unconsolidated Alternative Rates:		
LRWC	\$216,358	17.21%
Dockham Shores	\$ 57,586	149.07%
Wildwood	\$ 44,317	172.81%

Please note that under the Company's existing approved rates, customers of the Dockham Shores and Wildwood systems are charged unconsolidated stand-alone rates based on the cost to serve customers in each system. As part of its application, the Company intends to request to include both the Dockham Shores and Wildwood systems in its consolidated rates. As a result of proceedings in Docket No 19-177, the Company intends to propose stand-alone rates for Dockham Shores and Wildwood as an alternative in the event that the consolidated rates are not approved.

If you, the Commissioners and/or the Commission's Staff have any questions or comments, please call me at 207-423-0215.

Very truly yours,

Stephen P. St. Cyr
