Dear LRWC Water customer,

On January 15, 2021 Lakes Region Water Company, Inc (LRWC) filed a petition for a general rate change with the New Hampshire Public Utilities Commission (“NHPUC”).

This general rate change covers the increased operating costs since the last general rate case in 2015, plus provides additional revenues in support of LRWC’s infrastructure investment and operations. Over the past 5 years LRWC has made infrastructure improvements in various divisions that were necessary to enhance water supply capabilities in order provide additional water capacity and water quality for our customers.

The Company has proposed and requested a consolidated rate increase of 18.10% for all customers, and, in the event that consolidation is not approved, the Company has proposed stand-alone rate increases ranging from 17.21% (general customers to 172.81% as follows:

	Approximate Amount <u>Increase</u>	Approximate Amount <u>Increase</u>
Proposed Consolidated Rates:	\$292,006	18.10%
Unconsolidated Alternative Rates:		
LRWC (General Customers)	\$216,358	17.21%
Dockham Shores Customers	\$ 57,589	149.07%
Wildwood	\$ 44,317	172.81%

The filing will be subject to comprehensive review by NHPUC in a proceeding that may last up to a year. The Docket assigned to this filing is DW 20-187 and may be views by going to the following link on the NHPUC’s webpage-<https://www.puc.nh.gov/Regulatory/Docketbk/2020/20-187.html>

We at LRWC would like to express our appreciation to you, our customers. We thank you for your support while we continue improving our abilities to better to serve you know and in the future. Should you have additional questions please feel free to contact our office Monday through Friday 8:30 am to 4:30 pm at (603) 476-2348 or by email at lrwater@lakesregionwater.com. You may also contact the NHPUC directly at (800) 852.3793.

Sincerely,
/s/ Leah Valladares
