Consolidated Communications of Northern New England, LLC d/b/a Consolidated

Supplemental Record Request Response**

Dear Chairman Goldner:

On behalf of Public Service Company of New Hampshire d/b/a Eversource Energy (the "Company"), enclosed for filing with the New Hampshire Public Utilities Commission (the "Commission") is the Company's supplemental response to Record Request 2 (marked as Exhibit 69). This supplemental response provides additional, probative information that will facilitate the Commission's review of the Company's proposal for recovery of vegetation-management costs as part of this proceeding. Please note that this supplemental response contains confidential information; the Company will provide the confidential version of the response under separate cover.

The Company respectfully requests that this supplemental response be permitted pursuant to Puc 201.05. The Company would not object to a corresponding extension of time for parties to issue discovery on this supplemental record request until April 8, 2022 without modification to the deadline for the Company to respond to any such discovery. The hearing in this proceeding is currently scheduled for May 10, 2022. Therefore, allowing this supplemental record request response five business days after the deadline will not disrupt the orderly or efficient resolution of this matter.

Thank you. Please contact me if you have any questions.

Sincerely,

Jessica Buno Ralston
