Re: Docket IR 21-024 Abenaki Water Company, Inc. - Rosebrook Water System
Investigation into Water Pressure Issue in the Rosebrook Water System
Request for Extension

Dear Chairwoman Martin:

The Department of Energy respectfully requests an additional extension until August 31 to finalize its investigative report in the above-captioned proceeding. The extension is requested due to unexpected contingencies regarding computer accessibility, as well as continuing work on dockets the Enforcement Division has been tasked with to assist other Divisions. The additional time will help to ensure careful review of information relied upon in the report that may be affected by the pending confidentiality motions filed by Abenaki Water Company, Inc. in Docket DW 19-131.

The Enforcement Division's report is close to completion. However, the Division respectfully requests an extension until August 31 to permit an adequate review and final compilation of the report. As required by Puc 202.04(c)(2), the requested extension is not expected to unduly delay the proceeding or adversely affect the rights of any party.

Thank you for your attention to this matter.

Sincerely,

/s/ Randall S. Knepper
